Screens captured from the running application

August 2026

33 routed screens documented

Meridian Group

How to use StockFix

Current workflow at a glance

1 Choose access, client, store, and representative

Start a visit from Stores, then open Insights for the selected store.

2 Investigate an issue and capture the fix

Follow an issue list to SKU detail, choose a path, and save captures immediately.

3 End the visit and send the summary

The summary email includes completed tasks, feedback, and links to uploaded photos.

Important: captures are saved as you work, but the email is sent only from End Visit & Send Summary.

If you try to leave after capturing work, choose End Visit & Send Summary or Keep Working in This Store.

End Visit and visit-summary email

The required close-out step

Before ending a visit

- Finish or review captured tasks
- Confirm feedback and photos are present
- Open End Visit & Send Summary
- Wait for the send request to finish
- Retry from the summary page if delivery fails

What the email contains

Store, client, and representative

All completed tasks for the store and rep

Feedback captured during the visit

Uploaded image links (image1 through image4)

Recipients resolved for the rep, manager, client, and region

Duplicate clicks are blocked while sending.

The visit is cleared only after a successful send.

Route index

Every captured screen in this guide

Current Nexus workflow

01-20 Access, store visit, issue investigation, and analysis

Reporting and administration

21-28 Manager access, import, progress, QR, pilot, and Inventory Hub

Older retained routes

29-32 Legacy insights, availability, line list, and SKU detail

System route

33 Not found fallback

Legacy = older screens still available in the application, not removed.

Start here

Choose the StockFix access path for your role.

The image displays the Meridian StockFix app interface. At the top, the Meridian GROUP logo is shown in white and orange. Below it, the StockFix logo features an orange wrench icon and the text 'StockFix' in white and orange. Underneath the logo is the text 'Field Inventory Management' in white. A large white heading 'Choose Access' is centered on the screen. Below this heading are four rounded rectangular buttons, each with an icon, a title, a description, and a right-pointing arrow. The buttons are: 1. 'I'm a Merchandiser' with a person icon, description 'Capture tasks for your assigned stores'. 2. 'I'm a Rep' with a storefront icon, description 'Capture tasks for your assigned stores'. 3. 'I'm a Manager' with a group of people icon, description 'Review your team's progress'. 4. 'I'm a Client' with a storefront icon, description 'View store performance for your brand'.

Select the client and store you are visiting.
